- **Required:**
  Fixed or 2-clamp detachable side rail
- **Optional:**
  -

Order information

**EU:** 514-50-3SR025
**US:** 514-50-3SR027

## Basic armboard (US)

Radiolucent armboard with a simple design. Only available in the USA.

- **Included:**
  One board, clamp and mattress
- **Required:**
  Fixed or 2-clamp detachable side rail
- **Optional:**
  -

Order information

**EU:** Not available
**US:** 512-5000

## Fistula armboard

A non-adjustable radiolucent armboard for use in supporting the arm of a patient during imaging to provide an unobstructed image. The board is 81.1cm long x 35.0 cm wide (31.9" x 13.8").

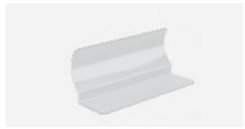

- **Included:**
  One radiolucent board with mattress and two clamps
- **Required:**
  -
- **Optional:**
  -

Order information

**EU:** 535-1730
**US:** 535-1730

## Arm and leg guard, curved

Intended to support and keep the patient's arm / leg on the table during surgery and transport.

Order information

**EU:** 514-100552
**US:** 514-100552

- **Included:** One piece of curved guard
- **Required:** -
- **Optional:** Cover, **EU/US**: 514-100553

## Arm and leg guard, straight

Intended to support and keep the patient's arm / leg on the table during surgery and transport.

Order information

**EU:** 514-100554
**US:** 514-100554

- **Included:** One piece of guard
- **Required:** -
- **Optional:** Cover, **EU/US**: 514-100555

# Leg holder with clamp (pair)

Leg supports intended for support and positioning of patient lower legs during surgery.

**Included:**
Two leg rests with clamps and mattresses

**Required:**
Fixed or 2-clamp detachable side rail

**Optional:**
-

Order information

**EU:** 514-50-3SR032
**US:** 514-50-3SR033

# Tibia support (excluding clamp)

The tibia support is designed to support the knee or the foot of a patient during knee or leg surgery. Made in stainless steel and includes an antistatic cushion. Cushion diameter is 13.5 cm / 5.3“, length 27 cm / 10.6“.

**Included:**
Metal pole, mattress. The clamp is not included.

**Required:**
Fixed or 2-clamp detachable side rail
+ one separate clamp (see page 17)

**Optional:**
-

Order information

**EU:** 514-100367-K
**US:** 514-100367-K

# Radial clamp

A robust clamp to mount accessories like the tibia support.

Order information

**EU:** 514-100305
**US:** 514-100305-US

**Included:**
One stainless steel clamp

**Required:**
-

**Optional:**
Tibia support (page 16)

# Radial clamp MIX

A robust clamp to mount accessories like the tibia support. Has easy side rail attachment.

Order information

**EU:** 514-100307
**US:** 514-100307-US

**Included:**
One stainless steel clamp

**Required:**
-

**Optional:**
Tibia support (page 16)

# Accessory clamp

A simple clamp to mount accessories like the tibia support.

Order information

**EU:** 514-100301
**US:** 514-100301-US

**Included:**
One aluminium clamp

**Required:**
-

**Optional:**
Tibia support (page 16)

# CONTROL DEVICE

## Pan handle (additional pan handle)

Allows for panning the table from different sides. Add a second pan handle to operate alongside the standard pan handle.

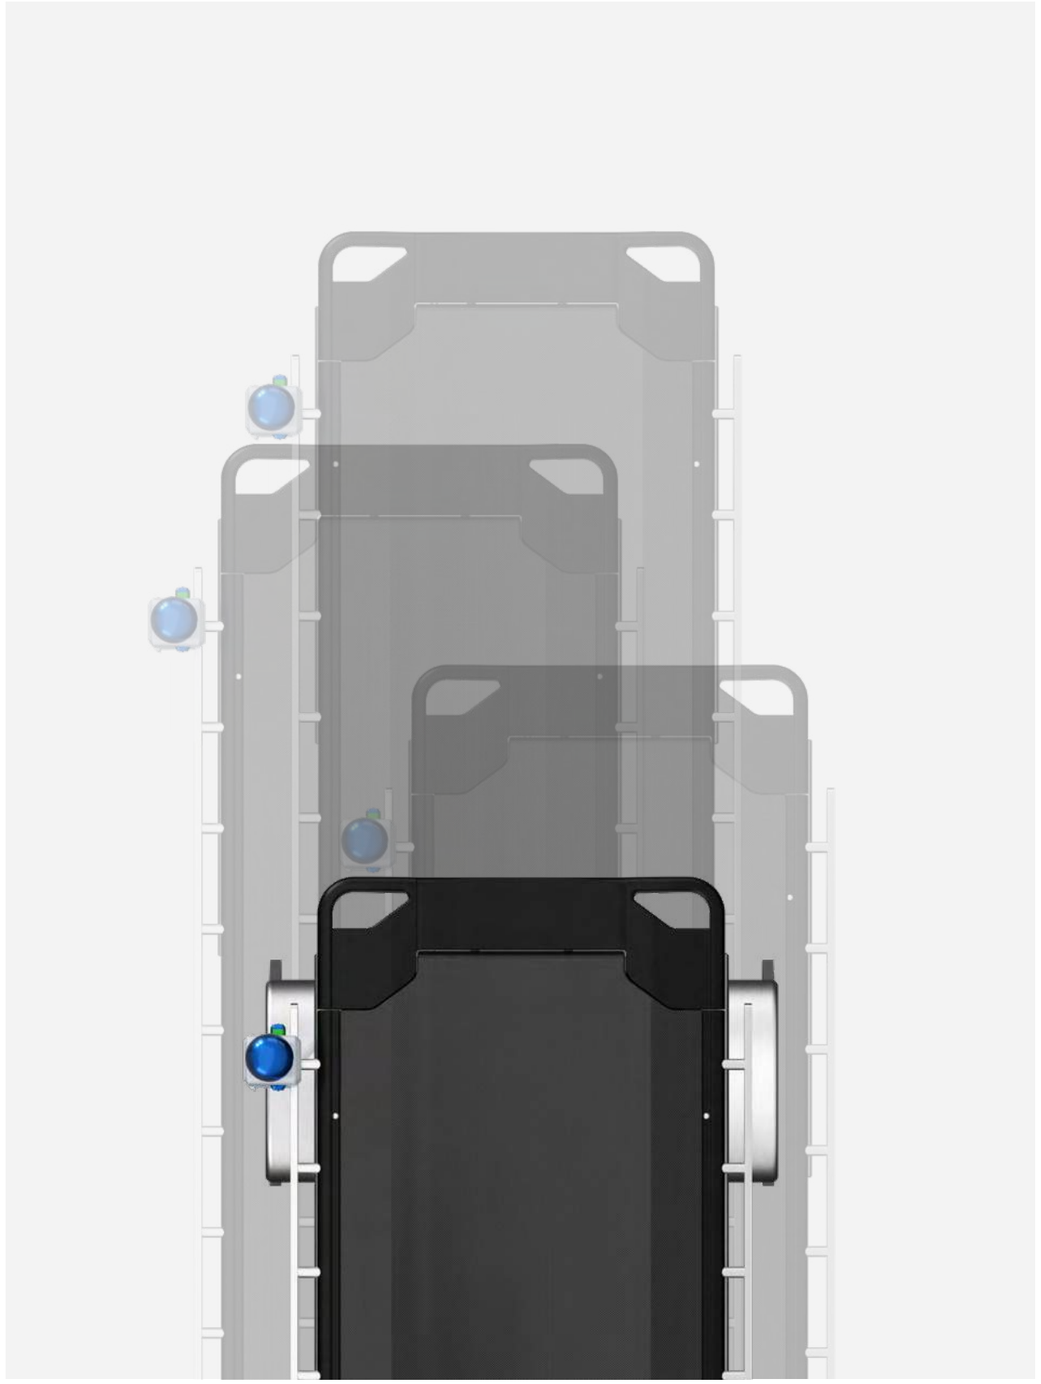

**Included:**
One wired pan handle

**Required:**
Fixed or detachable side rail

**Optional:**
-

Order information

**EU:** 555-1760
**US:** 555-1761

# GENERAL BODY SUPPORTS & BARRIERS

## Lateral support complete w clamp

The support can be adjusted in height, longitudinal and lateral, depending on how the patient shall be positioned. Dimensions of the curved cushion 20x20 cm / 7.9" x 7.9".

Order information

**EU:** 514-50-3SR028
**US:** 514-50-3SR030

- **Included:**
  One metal pole, clamp, curved mattress
- **Required:**
  Fixed or 2-clamp detachable side rail
- **Optional:**
  -

## Lateral support, adjustable excl. clamp

Lateral support with narrow pads, one plane and one curved, for positioning a patient on the table. Rotatable in different horizontal angles. The length of post is 35 cm / 13.8" and, the metal support of the pad is 17.5 × 7 cm / 6.9" x 2.8".

Order information

**EU:** 514-100560
**US:** 514-100560

- **Included:**
  One rotatable support with two mattress models (curved or flat), no clamp
- **Required:**
  Fixed or 2-clamp detachable side rail
  + one separate clamp (see page 17)
- **Optional:**
  -

## Safety side rail, foldable/ pair

Side gates designed for supporting a patient. They particularly ensure the patient's positioning and comfort during ERCP procedures. They can be easily folded down and when folded to upright position, lock automatically.

Order information

**EU:** 514-100530
**US:** 514-100530-US

- **Included:**
  Two side gates, two non-detachable clamps
- **Required:**
  Fixed or 2-clamp detachable side rail
- **Optional:**
  Cover, safety side rail single unit
  514-100530-H (EU only)

## Leg strap (EU)

2.1m long x 8.5 cm wide (82.7" x 3.3"), with Velcro® fastening, to secure the patient.

Order information

**EU:** 514-100465
**US:** Not available

- **Included:**
  One patient restraint
- **Required:**
  -
- **Optional:**
  Side rails or safety side rails (pages 11, 21)

## Deluxe maximum restraint (US)

Soft padded, 24" long x 6" wide, with adjustable strap: 24"-80". To secure the patient.

Order information

**EU:** Not available
**US:** O-RSX2

- **Included:**
  One patient restraint
- **Required:**
  -
- **Optional:**
  Side rails or safety side rails (pages 11, 21)

# HEADRESTS

## Headrest adjustable

Fully radiolucent headrest that extends the table length by 30 cm / 11.8". Ensures easy intubation and superior carotid visualization. Does not require side rails. Can be attached to the free end of the table only.
Not compatible with 80.5 cm / 31.7" long side rails.

Order information

**EU:** 535-1742
**US:** 535-1742

**Included:**
One headrest with mattress and two fixed clamps

**Required:**
-

**Optional:**
-

## 3D Headrest (extension)

Carbon fiber headrest that extends the radiolucent length by 30 cm / 11.8". Useful for 3D rotation, angulation and oblique views.
Not compatible with fixed or detachable side rails with 2 clamps (≥ 70.0 cm / 27.5").

Order information

**EU:** 535-1745
**US:** 535-1745

**Included:**
One headrest with mattress

**Required:**
-

**Optional:**
-

## Headrest fixed

Radiolucent non-adjustable headrest that extends the table length by 30 cm / 11.8". Can be attached to the free end of the table only, with two detachable 80.5 cm / 31.7" side rails.

Order information

**EU:** 535-1741
**US:** 535-1741

**Included:**
One head rest with mattress

**Required:**
Two 80.5 cm / 31.7" detachable side rails

**Optional:**
-

imagiQ3 Legacy table with 3D headrest, arm and leg holder curved and radiation shield loop*.

** Products may not be available in all regions.*
*Please contact your STILLE-representative for more information on market availability.*

## RADIATION PROTECTION

# Radiation shield loop

X-ray protective with lead rubber (0.5 Pb) that protects against scattered radiation. Attach to side rails or directly to the tabletop with Velcro© strips.

- **Included:**
  5 protective panels that are fixed to each other
- **Required:**
  -
- **Optional:**
  Fixed or detachable side rail

  Radiation shield loop grey
  **EU / US**: 535-1772

Order information

**EU:** 535-1773 (blue version)
**US:** 535-1773 (blue version)

# Radiation shield kit

X-ray protective with lead rubber (0.5 Pb) that protects against scattered radiation. Attach to the tabletop with strips of adhesive Velcro© that are placed on the tabletop. The kit can be used with or without side rails.

- **Included:**
  2 panels with cutout for the side rail clamps and 4 straight panels without cutout
- **Required:**
  -
- **Optional:**
  Radiation shield kit grey
  **EU / US**: 535-1770

Order information

**EU:** 535-1771 (blue version)
**US:** 535-1771 (blue version)

## SURGICAL TABLE EXTENSIONS

# Instrument plate with clamp

Adjustable tray to place instruments and other devices for the surgical team.

- **Included:**
  One instrument tray and clamp
- **Required:**
  Fixed or detachable side rail
- **Optional:**
  -

Order information

**EU:** 514-50-3SR036
**US:** 514-50-3SR037

# Widening sections, 455mm pair EU

Two 45.5 cm / 17.9“ long pieces. Widens the tabletop by 10.4 cm / 4.1“ for ERCP or bariatrics.

- **Included:**
  Two sections, clamps and mattresses
- **Required:**
  Fixed or 2-clamp detachable side rail(s)
- **Optional:**
  -

Order information

**EU:** 514-100422
**US:** Not available

# STILLE – Surgical perfection. For life.

STILLE is one of the oldest medical device companies in the world with over 180 years' experience. At STILLE, we develop, produce and sell surgical instruments and surgical tables to physicians worldwide.

## Surgical Tables

We offer specialty tables for minimally invasive procedures, with safety and features optimized for both in- and outpatient settings.

The STILLE Medstone mobile surgical imaging tables contribute to enhance efficiency in the OR, all while representing value-priced solutions with both quality and reliability.

The STILLE imagiQ3™ surgical imaging table with its low-dose capabilities, is optimized for advanced mobile Hybrid OR settings as well as peripheral and interventional procedures.

## Surgical Instruments

We have a complete offering of handcrafted, forged instrumentation for all fields of open surgery, with a special emphasis on cardiovascular surgery, reconstructive and aesthetic plastic surgery.

Our instruments feature delicate design, industry leading durability and a unique feel, which has made STILLE a well-known and highly respected supplier by surgeons throughout the world.
